- **Concepts:** DOM Manipulation, Responsive Web Design, CRUD Operations

INTERNSHIP

- **Smart Stream Technologies** Jan 2026
• *Frontend Developer Intern*
 - **Portfolio Website Development:** Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript with a clean and modern user interface.
 - **EmailJS Integration:** Implemented EmailJS to enable real-time contact form functionality and improve user interaction.
 - **Responsive Design:** Ensured smooth performance across mobile, tablet, and desktop devices using responsive web design principles and media queries.
 - **Practical Exposure:** Gained hands-on experience in frontend development, UI improvement, debugging, and real-time project implementation.
- **Zealous Tech Corp**
• *Frontend Intern*
 - **Stock Management System:** Developed a Stock Management System with full CRUD functionality for efficient stock record handling.
 - **Dynamic DOM Updates:** Used JavaScript DOM manipulation techniques to update stock data dynamically without reloading the page.
 - **Responsive Interface:** Designed responsive layouts using Bootstrap to improve accessibility and user experience across different screen sizes.
 - **Frontend Optimization:** Improved interface interaction and responsiveness by organizing frontend logic and enhancing usability.

PROJECTS

- **FitFusion – AI Powered Try-On E-Commerce Platform:** Developed an AI-based virtual try-on web application that allows users to visualize different outfits before making a purchase. The platform was designed to improve the online shopping experience by helping users understand how dresses may look before buying. Built a responsive and user-friendly interface with interactive elements to improve engagement and support better purchase decisions. Tech: HTML, CSS, JavaScript, VS Code, AI Concepts.
- **Smart Learning Portal:** Built a dynamic web application using React.js to help users explore different IT career paths in a structured way. The portal provides career guidance, recommended courses, certifications, and a step-by-step learning roadmap for specific job roles. Designed responsive interface components to improve accessibility, navigation, and overall learning experience for users across devices. Tech: React.js, HTML, CSS, JavaScript, VS Code.
- **Choco Bliss – Brownie E-Commerce Frontend Website:** Developed a responsive brownie e-commerce frontend website using HTML5 and CSS3. Designed modern UI sections including hero banner, product showcase, testimonials, and footer. Implemented mobile menu and cart sidebar interactions and improved visual appeal through responsive layouts, hover effects, and clean design structure. Tech: HTML5, CSS3.

WORKSHOPS & PRESENTATIONS

- **Graphic Design Workshop:** Bannari Amman Institution
- **AI in Healthcare:** KPR Institute of Technology
- **FitFusion AI Platform:** PPG Institute of Technology
